

The Blackbeck Youth Shelter Technical Specification

Resistant to breakage

The Blackbeck is constructed from strong steel components making it a robust system which is able to withstand cricket balls, golf balls and bricks etc.

Up to a 10 YEAR guarantee

A standard powder coated shelter comes with a 5 year guarantee. The shelter can be galvanised (and powder coated if required) for ultimate corrosion protection and comes with a 10 year guarantee.

Maintenance FREE

The Blackbeck requires only periodic cleaning. To clean the shelter we recommend a solution of warm water and a non-abrasive cleaner.

Choice of colour

The steel shelters are available in a range of standard colours which include blue, red, yellow and white. You can mix and match the colours of the framework and the roof for a stunning look. Other colours are available on request.
