Coniston Wall Mounted Canopy Technical Specification

Size

Projection: Up to 6m.

Length: Unlimited (maximum 3.5m span between posts at any projection).

Framework

Main Frame is made from 80mm x 80mm x 4mm Aluminium box section which features integral aluminium guttering.

Wall Plate is an extruded aluminium profile which fixes to the wall or steel bracket.

Roof System is a gasketed 35mm roof system which is constructed from T6 grade structural aluminium frame.

Posts are made from 80mm x 80mm x 4mm aluminium for a contemporary appearance.

Roof Panels

35mm structured polycarbonate with UV protection. Our polycarbonate panels are light in weight & up to 200 times stronger than glass. Available in clear and opal (35mm polycarbonate only). Light transmission: clear: 64%, opal: 33%.

Colour

The aluminium framework is supplied in **White as standard**. At an additional cost the framework can be finished to any standard or non standard RAL colour. Standard RAL colours are below, the full RAL colour chart can be found on our website:

Coniston Wall Mounted Canopy Technical Specification

Weather Resistance

During the manufacture of our polycarbonate panels a layer of UV absorber is co-extruded on both sides which forms a barrier giving high UV protection from the sun.

10 Year Guarantee

Our Coniston canopies carry a full 10 year insurance backed guarantee for complete peace of mind. This canopy has a life expectancy of 25 years.

Fire Performance

Our structured Polycarbonate sheets have been tested to most European standards & meet the BS476 part 7 with a class 1 fire rating and EN 13501 B-S1, d0.

Maintenance Free

Our canopies require only periodic cleaning. Please follow the Able Canopies Maintenance Schedule for full details.

Optional Extras

- The Victorian Upgrade (Victorian style post coverings)
- Post Pads
- Signage
- Side fills
- Safety barriers
- Rainbow package
- Roller shutters
